ANCIENT KNOWLEDGE

Eywa in Sanskrit means “Sacred Love”

“In the Eywa Way of Water, life becomes a seamless flow of luxury and harmony, where every choice is an opportunity to embrace the ocean of possibilities. It’s a lifestyle rooted in freedom—freedom to explore, to renew, and to reconnect with the world around us.”

About The Developer

BUILDING DIFFERENTLY LIVING MEANINGFULLY

R.Evolution is an international luxury developer that fuses regenerative architecture with conscious living. Founded in Europe with a presence across Latvia, Germany, Spain and the UAE, R.Evolution is driven by a singular belief: that real estate should improve life — not just reflect it.

The company's developments are known for their bold design language, longevity-focused systems, and integration of art, science, and sustainability.

With Eywa, R.Evolution introduces a new benchmark for future-forward living in the UAE — one that bridges ancient intelligence and modern wellness, while delivering lasting value to both resident and environment.

To us, buildings aren't structures. They are experiences — designed to hold, heal, and endure.

EYWA BRAND

Eywa is a global brand setting new standards for eco-friendly and sustainable living, focused on improving health and well-being. It caters to the needs of affluent individuals for a successful and prosperous life.

At Eywa, buildings are viewed as an ecosystem that integrates humanity's knowledge about creating spaces that harmonize all aspects and levels of human life. It embodies the essence of service, the finest quality architecture and design, combined with the implementation of ancient wisdom about humans and the latest technologies that influence the health of the body, mind, and soul.

OCEAN OF VIBRATIONS

The Lobby

Pride and joy of returning home fill you as you touch the coral-like door handle, passing by a library beneath the wings of a giant stingray soaring between the roots and columns of a mangrove tree and walls decorated with bas-reliefs decoding corals.

All of this is enhanced with gentle music, sounds of nature and the ocean, and specially infused with frequencies that are beneficial for your health.

OCEAN OF WELL-BEING & LONGEVITY

At the core of Eywa lies a curated ecosystem of spaces designed to enhance clarity, resilience, and restoration — not just for the individual, but for the collective.

It is a living environment, carefully composed to awaken the senses, calm the nervous system, and support the rhythm of a long and vital life.

Because true longevity is not a goal.
It's a way of living, together.

THE AMENITIES

The Amenities

THE BEAUTY OF BEING & THE FREEDOM OF CHOICE

The choice is yours—there is no call to abandon your habits or rituals. Instead, we believe that rituals are the quiet anchors of mindfulness, weaving deeper connections with those we cherish. They are the sacred moments that linger in our memories, moments of meaning that we will never tire of revisiting. Let's enrich our lives by infusing each day with intention and soulfulness.

We offer you a gentle path to enhance your lifespan, healthspan, and wealthspan, guided by the finest technologies and scientific breakthroughs in the art of longevity today.

THE HOLISTIC ECOSYSTEM

The Holistic Ecosystem

A HOME DESIGNED FOR LIFELONG WELL-BEING

Featuring EMFIS® Integration

A Complete Eywa Way of Water is the second building in the region to integrate EMFIS® — the most advanced low-EMF architectural system available today.

Developed through rigorous engineering, specialised shielding materials, and post-installation testing, EMFIS® significantly reduces occupants' exposure to electromagnetic fields, setting a new benchmark in wellness-driven design. All bedrooms are enveloped in EMF-shielded environments, complete with grounded electrical systems and low-radiation zones.

These spaces are intentionally designed to support restorative sleep, regulate circadian rhythms, and enhance mental clarity — introducing an unseen yet transformative layer of well-being into the home.

The Holistic Ecosystem

BREATHING EASY MATTERS

We all want to feel good and stay healthy in our homes, and good air quality is a big part of that. Did you know that indoor air can be up to five times more polluted than outdoor air? Dust, pollen, bacteria, and viruses can quietly affect how we breathe, sleep, and feel every day.

That's why having MERV 14* filters and air ionization makes such a difference — they work together to trap tiny particles and neutralize harmful germs, giving you cleaner, fresher air. It's like giving your lungs a gentle hug, helping you breathe easier, sleep better, and enjoy your space with confidence and peace of mind.

* Minimum Efficiency Reporting Values, the higher the MERV rating the better the filter at trapping specific types of particles.

The Holistic Ecosystem

SOUND VIBRATION HARMONISED LIVING WATER

Water - The Essence of Life

Our body is like a symphony, with various resonant frequencies and interactions among cells and organs. Crystalline water serves as the backdrop for this conversation.

We transform tap water into liquid crystalline water, aligning it with the ideal frequency for bio-resonance with our cells.

In Eywa, every residence features pools, and the Amenity terrace boasts large pools and waterfalls, all filled with Alfa Omega water that continuously transmits beneficial frequencies and light. Whether you drink it, swim in it, or relax by a waterfall, Eywa ensures you benefit from these healing bio-resonance waves.

The Holistic Ecosystem

VASTU SHASTRA

The Ancient Science Of Harmonizing Space & Energy

VastuShastra is an ancient Indian science that balances positive energies in our environment to promote health, prosperity, and well-being. It aligns spaces with the nine planetary directions—north, south, east, west, and their diagonals—to channel beneficial energies.

Eywa stands out as one of the few multi-storey buildings designed according to Vastu principles. Every detail, from entrance placement to water features, is crafted to harness cosmic forces, creating a microcosm that nurtures harmony and abundance.

Living in a Vastu-compliant space like Eywa means immersing yourself in an environment that supports health, mental clarity, and spiritual growth. It's a timeless approach to creating spaces that resonate with the universe's natural rhythms, promoting a balanced and prosperous life.

WELL-BEING ENERGY CRYSTAL STRUCTURE

Specific crystals, geodes and precious stones are placed in columns and concrete slabs from the bottom to the top of the building in a unique pyramid shape in complete alignment with Vaastu Shastra principles.

These crystals and stones of varying natures and specific sizes enhance the positive energy on each floor while purifying and eliminating negative energy, promoting harmony, health and well-being for the residents of Eywa.

Stones used:

- Moon Stone
- Aquamarine
- Green Jade
- Citrine & Clear Quartz.
- Malachite
- Sunstone (Orange)
- Rose Quartz
- Carnelian
- Red Jasper
- Tiger's Eye
- Black Tourmaline
- Lapis Lazuly
- Salenite (For Slabs)

Positioning of the stones per floor
