AL MARJAN ISLAND

THE RESIDENCES

THE MOST MAGNETIC ADDRESS ON AL MARJAN ISLAND

CHAPTER I:

WHERE IT BEGINS

LIFE WELL-LIVED... THE W WAY

At W Residences, lifestyle is a language, and every corner speaks it fluently.

Thoughtfully sculpted interiors, a skyline that plays backdrop to your mornings, and spaces designed to reflect your rhythm.

It's more than the life you imagined... This is living, unfiltered, uninterrupted, and unmistakably yours.

**CLAIM THE HORIZON.
CALL IT HOME.**

A shift in pace. A new rhythm. A punctuation mark in a city that knows how to pause.

A bold residential statement, born on an island that does life well—and makes no apology for it. A horizon lined with views worth stopping for. A perspective of its own. A place shaped to give you more than you asked for, and exactly what you need.

This is W Al Marjan Residences. Where life sharpens, softens, and feels exactly yours.

A man and a woman are sitting on a boat, smiling and posing for a photo. The man is holding a camera up to his eye. They are both wearing sunglasses and swimwear. The boat is moving through the water, leaving a white wake behind it. In the background, there are rocky hills and a small town on the coast under a clear blue sky.

The boat's white railing and wooden deck are visible in the foreground. The text 'CHAPTER III: WHERE STYLE LIVES' is overlaid in white, bold, sans-serif font.

DESIGNED FOR THE EVERYDAY RITUALS

Soft curves and warm textures bring a quiet elegance to the bathroom. Every element, from the rounded mirrors to the clean lines of the tub and sink, creates a space that feels both functional and inviting.

The background of the image is a close-up, high-resolution shot of water. The water is a deep, vibrant blue, and its surface is covered in a dense pattern of small, concentric ripples. These ripples create a complex, organic texture that catches the light, giving the water a shimmering, almost iridescent appearance. The lighting is even, highlighting the fine details of the water's surface.
